MENDEL

E-MOP/457

Effortless "Operation"

Lithium battery operated

200 RPM brush speed rotation

EZ-Dump dirty water tank

E-Mop Floor Scrubber-Drier

The E-Mop by Mendel provides the maneuverability of a mop, but has the cleaning performance of a commercial grade floor scrubber. Clean any hard surface with unsurpassed ease of use. This is a floor scrubber you can "dance" with, literally. Its ultra-maneuverable handling allows a 360° effortless rotation. In addition, the E-Mop removes more surface soil than any traditional mop and bucket cleaning method & can cover up to 5,400 sq.ft per hour with its 16" dual rotating brushes.

- Powerful suction and water-lift for clean dry floors
- One hour of run-time
- Extremely maneuverable 360° robust swiveling handle
- Effortless transporting with strategically placed front castors
- 1 gallon solution tank/40 lbs of scrub pressure per tank
- Nearly $2000 dollars cheaper than the i-mop™
- One year replacement warranty

$ 3,995.00
