Models	Scrub Path	Productivity	Price
GM-MINIS™	711mm (28")	45,280 ft ² /hr (up to)	\$9,900.00

HIGH PRODUCTIVITY SWEEPING IN A COMPACT UNIT.

Compact size, large cleaning width

The GM-MINI™ floor sweeper is a compact designed commercial grade over-throw floor sweeper. Perfect for medium sized locations that need assistance containing dust & debris, the GM-MINI™ battery-powered sweeper can cover more square footage faster, reducing your total cost to clean.

Power, performance & productivity

A 28" main broom and dual 10" side brooms, sweep over 45,000 square feet per hour. Battery powered and quiet 58db operation makes this unit suitable for noise sensitive areas. The GM-MINI™ comes with an onboard battery charger & provides up to three hours of working time per charge & a 1.75 feet hopper capacity.
