

Optimal performance. Consistent results.

Carefully designed to improve productivity and drive down your cleaning costs, the MB70 delivers exceptional cleaning results in a compact profile. This dual-brush (611mm) walk-behind floor machine provides exceptional performance and consistent cleaning results on virtually any hard floor surface. Features include a durable corrosion and impact resistant polyethylene body, maintenance free gel batteries and a simplified yet innovative control board for easy operation.

Dual-brush scrub head for enhanced productivity!

Tech. Specifications

Size:	26"
Productivity:	21,000 Ft ² /h
Solution tank capacity:	12 Gal / 45L
Power supply:	24V (2x12V)
Weight:	260 Lbs (without batteries)
Scrub pressure:	120 lbs
Price:	\$6,795.00
Warranty:	1 year parts warranty

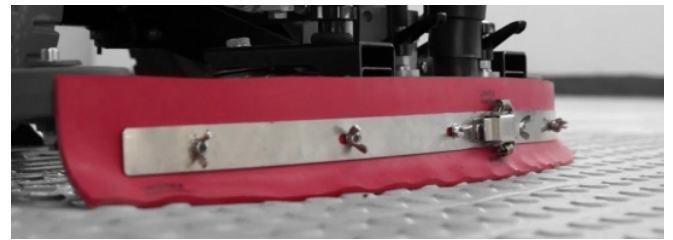

Premium AGM batteries.

The MB70 floor scrubber cleans up to 21,000 sq.ft per hour. The machine is powered by two (2) 12V-110Ah maintenance free AGM batteries that provide up to 3 hours of run time! The Smart Series™ battery charger automatically turns off when the batteries reach a full charge.

Superior squeegee design.

The MB70's curved squeegee design ensures water and soils are removed from the floor for minimum risk of slip-and-fall accidents. The high quality commercial grade vacuum motor provides a perfect seal, immediately vacuuming water from the floor to a near dry condition.

Simple, intuitive controls.

The MB70 is designed to be easy to use and maintain. This high-value scrubber comes equipped with the simplest, most intuitive control board, making operation & training straightforward & effortless!
