Mendel 28B | Walk-Behind Sweeper-Vacuum

The Mendel 28B Industrial Floor Sweeper cleans large indoor and outdoor areas quickly and easily. The 28B battery powered walk-behind sweeper cleans your floors in a single pass with three rotating brushes & polyester panel filter for maximum dust filtration (99.7% filtration level).

Operators will appreciate the simple operation of this industrial walk-behind sweeper. Compact & battery powered, the Mendel 28B is ideal for indoor & outdoor floor sweeping & debris collection.

- Easily cleans both hard and soft floors without having to change brooms
- Cleans 20,000 sq feet of carpet per hour, versus 8,000 for a 28-inch vacuum
- Tools-free broom and hopper removal for easy maintenance
- Adjustable handle for operator comfort, and easy one-hand operation

\$ 4,500.00 (Comparable models can exceed \$6,000)
